

# SAN JOSE STORM

“LEARNING TODAY. . . LEADING TOMORROW”

Vol. 1, Issue 8

4072 Sunbeam Rd Jacksonville, Florida 32257

October 1, 2017

## SCHOOL MISSION:

It is our mission, through the combined efforts of staff, parents, students, and community, to foster a positive work ethic, create an environment that harbors tolerance and respect for others, and provide a challenging, purpose driven program.

## SCHOOL VISION:

In order to have a lasting contribution to our ever-changing and dynamic society, it is San Jose Academy and Preparatory High School’s vision to be an integral part of developing students to become Steadfast, Trustworthy, Open-minded, Respectful, and intrinsically Motivated.

Dear San Jose Families,

I want to begin by thanking all of you who donated much needed items for our relief effort to support local families and those in Puerto Rico who were devastated by the effects of Hurricanes Irma and Maria. Today we delivered half of the items to the Puerto Rico and Hispanic Chamber of Commerce Relief Effort, which had a very well organized collection station set up at the Jacksonville Landing. We will continue to collect items for our local families through Friday, October 6th.

It is hard to believe we are already in the month of October. There are so many exciting events taking place this month. Our first activity will be San Jose’s Got Talent on Tuesday, October 3rd at 6:00 pm. Please check out the flyer on the next page for more information. On October 17th we will be hosting a College and Career Fair (**students only**) for our 8-12th grade students. We are expecting 11 vendors from area colleges and local businesses. This will be a great opportunity for our students to begin thinking about options beyond high school. Our final activity of the month will be our Country Harvest Fall Festival scheduled for Saturday, October 28th from 11-3:00. This activity is fun for the whole family. We hope you can come out and support our school at any of these events.

San Jose Staff is committed to providing a supportive environment that assists students to realize their full academic potential as well as assisting them in maintaining positive mental health and wellbeing. Last week there was an increase in the number of students who appeared to be in distress. Though we have limited resources in this area, we will continue to be there for our students to the best of our ability.

It’s Possible!

Respectfully,  
Mrs. Carolyn Estrella-Aponte

Don't expect everyone to understand your journey, especially if they have never had to walk your path.
